## McMullen-Connally Faculty Center

### About the Collection

The extensive watercolor collection that you will notice within the facility was donated by Dr. Faber McMullen '53, MD '56 and Roxanna Connally McMullen, Class of '52. In all, the McMullen's donated almost 300 paintings, but only fifty-five can be displayed at a time in the faculty center. The bulk of the collection features art by painters in the California School of Watercolor, but there are also significant works by Texas artists.

### About the Facility

The McMullen's also made the generous gift for the construction of the building. The 10,900 square-foot, two story facility offers daily dining service for up to 120 faculty in the main dining room and provides three small banquet rooms on the second floor for dinners or meetings. The facility also includes a faculty lounge area, library, and full service kitchen.
